Dear Mr. Munson:

Brush Wellman would like to extend an invitation to you for a mine site "pre-inspection". However we would like to postpone this inspection until the first part of June, 1996. The Bureau of Land Management is expected to hire a new geologist at this time. We would like to extend the invitation to both agencies to prevent the repeat of the "pre-inspection". If this is not convenient for you please let me know.

I would like to thank your agency for responding on the Hogsback notice for Brush Wellman's intent to explore. Also, thank you for your diligence on the permitting of the Monitor, and Blue Chalk North pit openings.

I look forward to your reply on setting a date concerning the "pre-inspection" and Annual Site Inspection. Please feel free to contact me at (801-864-2701) ext. 211.

Sincerely,

Greg Hawkins
Mine Manager
